

Says

What have we heard them say?
What can we imagine them saying?

Thinks

What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

Feels

What are their fears, frustrations, and anxieties?
What other feelings might influence their behavior?

Does

What behavior have we observed?
What can we imagine them doing?

See an example

What are the steps we took crop production without any 'health issues'...?

India is the World's largest Producer.

Agricultural system in India is Subsistence farming, Organic farming and Industrial forming.

Without Fertilizers the crop production is possible...?

Why we not followed Masanobu Fukuoka Natural farming..?

The people need good yield.

Test the soil which type of content needed to our solid.

Use the Masanobu Fukuoka 'Natural farming' method.

Follow the crop rotation method.

Good yield is challenging with insects.

Using the Fertilizers it act as a slow poison in human being.

Using the hybrid seeds sometimes not give good yield.
